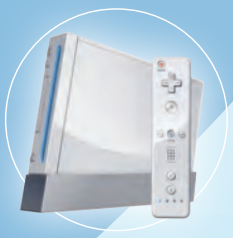
Wi-CTG

Crossbow for Wii™



Prepare your positioned bow, set your laser guided aim and release virtual arrows with the Crossbow for Wii from CTA Digital. This plastic Crossbow gun possesses a convincing mold and color scheme, with spiral decals reminiscent of the ancient eras. To operate, place the Wii Remote in the top cradle of the crossbow and the Wii Nunchuk in its outer grip.

After attaching the controllers, manage the wire between them by running the cable along the groove in the outer edge of the Nunchuk grip. Contain the wire inside a sealable compartment and close the top cover onto the Wii Remote. An infrared laser beam is located beneath the barrel for pinpoint accuracy.

Outfitted with all these features, this heroic piece of classic video game weaponry is ready to inflict epic havoc!

Specifications:

- Authentic feel and color
- Compatible with Wii Remote and Nunchuk
- Infrared laser beneath barrel (Supports 2 AAA batteries)
- Cable slot and top cover for wire organization
